## Sr. PHP Developer | Team Lead

5+ Years Experience • PHP Laravel • Government Projects • ERP & SaaS Products

10+

Govt Projects  
(On-Time Delivery)

7+

Business  
Projects

5+

Years  
Experience

1+

Year as  
Team Lead

### PROFESSIONAL SUMMARY

Results-driven Sr. PHP Developer and Team Lead with 5+ years of experience building scalable web applications using PHP (Laravel, CodeIgniter, CakePHP), React.js, MySQL, and PostgreSQL. Delivered 15+ Tamil Nadu Government digital-transformation portals with 100% on-time delivery and 7+ enterprise SaaS & ERP solutions. Deep expertise in RESTful API design, RBAC security architecture, server-side deployment (Apache/Nginx/Linux/cPanel), database optimization, and full-stack development. Proven ability to lead cross-functional development teams, manage production deployments, and deliver high-impact digital solutions.

### KEY ACHIEVEMENTS

- Delivered 15+ Tamil Nadu Government projects with 100% on-time delivery rate across all engagements.
- Led a team of 4+ developers as Team Lead at Unwind Learning Labs; reduced code review cycle time by 40%.
- Built Tafcorn Forest Office ERP cutting manual permit processing time by 50% for TN Forest Department.
- Onboarded 500+ training providers & 10,000+ candidates on DET Portal, achieving 85% placement rate.
- Reduced TN Finance compliance monitoring time by 60% via CCFMS automation across 100+ PSUs & Boards.
- Architected Offie3i SaaS ERP + HRMS from scratch; platform supports 200+ concurrent business users.
- Delivered 7+ enterprise & e-Commerce projects improving client digital revenue and operational efficiency.
- Optimized MySQL/PostgreSQL queries reducing average page load time by 35% across 3+ major portals.

### PROFESSIONAL EXPERIENCE

#### Sr. PHP Developer & Team Lead

02 Jan 2025 - Present

Unwind Learning Labs (In22Labs) | Chennai

- Led team of 4+ developers delivering 6+ Tamil Nadu Govt portals (AI-LCMS, DET, NHM-TN, TNPCB, TN Finance, Forest Dept.) with 100% on-time delivery.
- Developed AI-LCMS (AI-Powered Legal Case Management System) for advocates, featuring AI legal assistant, affidavit generation, legal drafting, intelligent case search, AI chatbot, live case tracking, daily hearing management, advocate cause lists, automated reminders, document management, and real-time analytics dashboards.
- Developed Tafcorn Forest Office ERP: reduced manual permit processing time by 50%; automated resource mgmt, field inspection & departmental reporting.
- Delivered DET Exam Portal: onboarded 500+ training providers, 10,000+ candidates, achieved 85% placement rate with 15+ RBAC user roles.
- Handled server-side deployment on Apache/Nginx/Linux & cPanel; executed 20+ production releases with zero critical downtime incidents.
- Built real-time analytics dashboards & multi-level approval workflows, reducing manual reporting effort by 45% for 3+ government departments.
